## DESCRIPCIÓN

Como parte de los objetivos del área de Gerenciamiento de Datos & SIG en la EP Petroecuador de generar estándares y procedimientos para: almacenar, proteger, asegurar y garantizar la calidad de los datos, mediante la correcta aplicación de los flujos de trabajo, dándole un valor agregado y mayor énfasis a los procesos internos en cuanto al manejo de información como un activo organizacional; elabora y difunde el presente Listado Oficial de Nomenclatura Interna, que sirva como fuente de consulta para toda la Empresa, Compañías de Servicio e Inversión en la elaboración de cartas oficiales, mapas, esquemas de pozo, reportes de producción, entre otras; con una codificación acorde a la nomenclatura usada en las aplicaciones de software de la EP Petroecuador.

Documento generado con base a la especificación del manual de Normativa Interna "MANUAL DE REGLAS DE NOMENCLATURA EN BASE DE DATOS DE GEOLOGÍA Y GEOFÍSICA - OPENWORKS"
